

MARYLAND Department of Health

Larry Hogan, Governor · Boyd K. Rutherford, Lt. Governor · Robert R. Neall, Secretary

Office of Health Care Quality
Laboratories and Tissue Banks
55 Wade Ave Bland Bryant Bldg.
Catonsville, MD 21228

July 1, 2018

The Maryland Department of Health, Office of Health Care Quality, is issuing with this letter your new non-expiring license. Senate Bill 108 was signed into law on May 15, 2018, repealing all fees and expiration dates for certain health program licenses. The effective date is July 1, 2018.

You will no longer receive a renewal application, because it is no longer required.

If no changes to your current license are needed, we require that you only display your current license in a visible location.

If there is a change to your current license information, such as ownership, tax ID, name of facility, testing or specialty changes, laboratory closing, address changes, complete the change form (link provided below) with dates of change, returning it signed by the director. If the director is being changed from the director named on the current license, the change form must also be accompanied with a copy of the highest degree earned diploma or transcript, any clinical license held, and any board certifications or continuing medical education credits.
